Objective

Detail-oriented software tester with a development background in backend and full-stack systems. Strong understanding of testing principles and API validation, eager to contribute to a quality-driven engineering team.

Professional Experience

Backend Developer   02/2025 – Present
Peacock Concierge   kweet

- Developing and maintaining scalable backend services using Laravel framework.
- Designing and integrating RESTful APIs for mobile and web applications.
- Collaborating with frontend and mobile developers to ensure smooth data flow.
- Managing relational databases and writing optimized SQL queries.
- Integrating third-party services (such as SMS gateways and external APIs).
- Ensuring code quality through version control tools like Git.
- Participating in code reviews, debugging, and system performance enhancements.

Full-stack Developer   08/2023 – 01/2025
Rounds   Saudi Arabia

- Developed a full-stack web application using Laravel 7, HTML5, CSS3, and JavaScript.
- Built and maintained an admin dashboard: rounds.run/admin 🔗 .
- Integrated third-party APIs and ensured seamless data handling.
- Worked with deployment tools such as Hostinger and cPanel.

Full-stack Developer   01/2022 – 03/2023
Money Master   Maadi

- Built APIs for a financial mobile application using Laravel 9.
- Developed backend logic for user management and financial transactions.
- Designed and implemented an admin panel using Laravel and Bootstrap.
- Handled deployment and server configurations using Hostinger and cPanel.

Backend-InternShip   02/2022 – 03/2022
Orange
Build Api for ODC Learning System and add a admin panel usinglaravel8

Education

Cairo University BSc. Accounting   09/2014 – 05/2018
Very Good   Giza

Certificates

Digital Egypt Pioneers Initiative (DEPI)
Software Testing
June 2025– Present

Information Technology Institute - ITI
Fullstack web developer using PHP
Completed Feb 2022

Information Technology Institute - ITI
Software Development fundamental
Completed Aug 2021

National Telecommunication Institute - NTI
Web Development using PHP, MySQL and Laravel
Completed Mar 2021 – Score: 98%

National Telecommunication Institute - NTI
Web Design
Completed NOV 2021 – Score: 96%

Skills

Software Testing Skills
- Manual Testing, Functional Testing, Regression Testing
- API Testing using Postman
- Bug Tracking using JIRA / Trello
- Writing Test Cases, Test Scenarios, and Reporting
- Basic knowledge of Test Automation (Selenium)

Soft Skills
- Problem Solving & Debugging
- Attention to Detail
- Team Collaboration
- Time Management
- Eager to Learn & Grow

Technical Skills
- PHP, Laravel (7/8/9/10)
- MySQL, Database Design, SQL Optimization
- RESTful APIs (Design + Integration)
- HTML5, CSS3, JavaScript, jQuery, Bootstrap
- Postman – API Testing
- Git, GitHub, Version Control
